1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

The turnover shown in the profit and loss account represents amounts receivable during the year in the running and promotion of a football club, excluding Value Added Tax.

Tangible fixed assets

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Heritable property - 2% straight line basis

Fixtures, fittings and equipment - 10% - 25% straight line basis

Deferred tax

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's financial statements. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

Deferred tax assets and liabilities are not discounted.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Grants

Grants received are treated as deferred credits. Grants of a capital nature are credited to the profit and loss account over the estimated useful life of the relevant fixed assets. Revenue grants are credited to the profit and loss account in the year in which the expenditure is incurred.
